Excerpt from An Account of the Varioloid Epidemic: Which Has Lately Prevailed in Edinburgh and Other Parts of Scotland; With Observations on the Identity of Chicken-Pox With Modified Small-Pox; In a Letter to Sir James M'grigor, Director-General of the Army Medical Department, C., C In the progress of the occurrence of such cases, I had many opportunities of perceiving the nucet tainty of the grounds upon which, in particular ih stances, a casetwas declared to be chicken-pox or small-pox. It appeared to me, that practitioners were in general very unwilling to suffer themselves to be shackled by an adherence to any definitions of nosologists, and that, in deciding on doubtful cases, a reference was usually made to some ideal standard, not only indefinite in its nature, but va rying from time to time, and seeming to be in?uenc ed by moral as well as by medical considerations. I had felt much difficulty, also, in. Admitting the distinction recently introduced in varioloid diseases between natural small-pox and small-pox modified by vaccination and in several cases, pointed out to me as modified smallpox by...
