No Harm Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Today in the name of increased national security, are we willing to return to the broad brushstrokes which demonize, deport and deprive working class people of their dignity? Now that Donald Trump is president Twenty Life Lessons explores America during the 1950 s and 1960 s. Was it really as great for working Americans as Trump claims? The author remembers how Senator Joe McCarthy and F.B.I. Director J. Edgar Hoover persecuted many working class Americans including his parents. For years his father had his life disrupted by the FBI which discovered no evidence for a criminal indictment. The FBI then conspired with the Immigration and Naturalization Service to deport him. Abrams establishes a direct link between the bullying of McCarthyism and those of Donald J. Trump. Yet this memoir is optimistic in that people can lead resilient, meaningful lives and overcome bullies whether on a street corner in Brooklyn or in the corridors of power in Washington D.C. Focusing on his family for four generations, Abrams gives the reader a gift of how to find fulfillment. Legacies are invaluable; they transmit the richness of life to future generations. In Twenty Life Lessons, Abrams reflects on his life experiences and finds in them poignant lessons for his young grandchildren. These teachable moments touch on everything from work and play to love and loss. They are anchored in Abrams s own experiences as he witnessed McCarthyism ravage his parents lives, worked to become a master teacher, and struggled to cope with immense personal loss. Twenty Life Lessons is a treasure trove for young readers and a challenge to anyone who has a story to tell. It is an inspiration to find meaning...
