GAO made a review of the problems the Postal Service has experienced in acquiring and altering leased space. The Postal Service leases about 89 million square feet of space at an annual rental of about 234.6 million. During fiscal year 1981 approximately 27 million was spent on alterations of leased space. GAO found that the Postal Service: (1) paid rent over extended periods for space not ready for occupancy in 10 major leased facilities; (2) frequently did not advertise its space requirements and obtained only limited competition in acquiring leased space; and (3) frequently did not prepare proper independent detailed cost estimates when it contracted with lessors for alterations on a sole-source basis.
