

## Biblical Archaeology

By Allan A. Macrae A. B. A. M. Th. B Ph. D

Sovereign Grace Publishers, Inc. Paperback. Condition: New. 80 pages. Dimensions: 8.8in. x 5.9in. x 0.5in. Archaeology has produced many bits of interesting confirmatory evidence as to accuracy and dependability of both the Old and New Testaments. Nothing has been discovered in archaeology that would allow fraud, misrepresentation, or error in either Testament. We cannot expect to prove the Bible by archaeology. The great subjects with which the Bible primarily deals - mans relation to God, and Gods provision for mans salvation - are matters that are not susceptible to archaeological evidence. However, archaeology demolishes many of the attacks that unbelievers have made against the Bible, and it disproves many of the arguments advanced to show that Christianity is merely the result of a historical development. In addition, archaeological material gives help for the precise understanding of many Biblical statements. This is an excellent primer that all Christians should read to familiar themselves with Biblical Archaeology. This item ships from multiple locations.
