Palgrave Macmillan. Hardcover. Condition: New. 312 pages. Dimensions: 8.7in. x 5.6in. x 0.9in. What did South African AIDS activists contribute, politically, to early international advocacy for free HIV medicines for the worlds poor Mandisa Mbali demonstrates that South Africas Treatment Action Campaign (TAC) gave moral legitimacy to the international movement which enabled it to effectively push for new models of global health diplomacy and governance. The TAC rapidly acquired moral credibility, she argues, because of its leaders anti-apartheid political backgrounds, its successful human rights-based litigation and its effective popularization of AIDS-related science. The countrys arresting democratic transition in 1994 enabled South African activists to form transnational alliances. Its new Constitution provided novel opportunities for legal activism, such as the TACs advocacy against multinational pharmaceutical companies and the South African government. Mbalis history of the TAC sheds light on its evolution into an influential force for global health justice. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
