## The Recent Advances of Sanitary Science: The Relation of Micro-Organisms to Disease (Classic Reprint)

By Henry O Marcy

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Recent Advances of Sanitary Science: The Relation of Micro-Organisms to Disease The unexpected honor which one year ago your kind suffrages conferred upon me in electing me to preside over your councils, I hold to be equally shared by a thoughtful discharge of the duties of the office. The profession at large may be congratulated that the American Academy of Medicine owes its origin and existence to a wide-spread spontaneity of feeling that the times were ripe for and demanded some organized effort to aid as a controlling power in elevating the standard of medicine in our country. How well thus far we have succeeded must be left, not to our own prejudiced views, but rather to the unsparing criticisms of all interested in a higher medical education. Since, by our position, we have invited it, let it arouse each one of us to yet better endeavors in the discharge of our self-imposed task. He who studies the history of medicine in a broad philosophic spirit will learn much of both interest and profit...
