

Emotions in Child Psychotherapy: An Integrative Framework (Hardback)

By Kenneth Barish

Oxford University Press Inc, United States, 2010. Hardback. Book Condition: New. 236 x 160 mm. Language: English . Brand New Book. Emotions are the common ground of child psychotherapy and a therapist's essential means of communication with children. Improved emotional resilience must be the shared therapeutic goal of all those who work with children and families. In *Emotions in Child Psychotherapy*, Kenneth Barish presents an integrative framework for child therapy, based on a contemporary understanding of the child's emotional experience. Barish begins with a concise review of recent advances in the psychology and neuroscience of emotions and an analysis of several emotions—interest, shame and pride, anxiety, anger, and sadness—that are essential, but often underappreciated, in therapeutic work with children. Offering an emotion-based perspective on optimal and pathological development in childhood, Barish argues that in pathological development, negative emotions have become malignant and children are locked in vicious cycles of interaction that perpetuate defiance and withdrawal. Based on these principles, Barish presents a comprehensive model for therapeutic work with children and families. He demonstrates how a systematic focus on the child's emotions provides new understandings of all phases of the therapeutic process and effective means of solving persistent...
