The South won the Civil War and achieved manifest destiny in the United States. Great Britain, known as Victoria, and China, have maintained their empires. American slavery was abolished in the late 20th century instead of the late 19th century. Steam powered machinery and electricity make up the bulk of modern technology. In the shadows of the Confederacy, there is magic. Esoteric sciences arcane and archaic survive from forgotten times, and strange demonic creatures wander through the slums of Charleston. Enter Carolina Daemonic. In an alternative timeline, see a dark world not too far removed from our own- religio-political cults, racism, sexism, homophobia, corporate takeovers and corruption are abound. Witness the strange and mysterious beyond the familiarity of our ordinary world as well- godly avatars, lustful demons, necromancers, and the undead.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Ally Reichel

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
